

Hello,

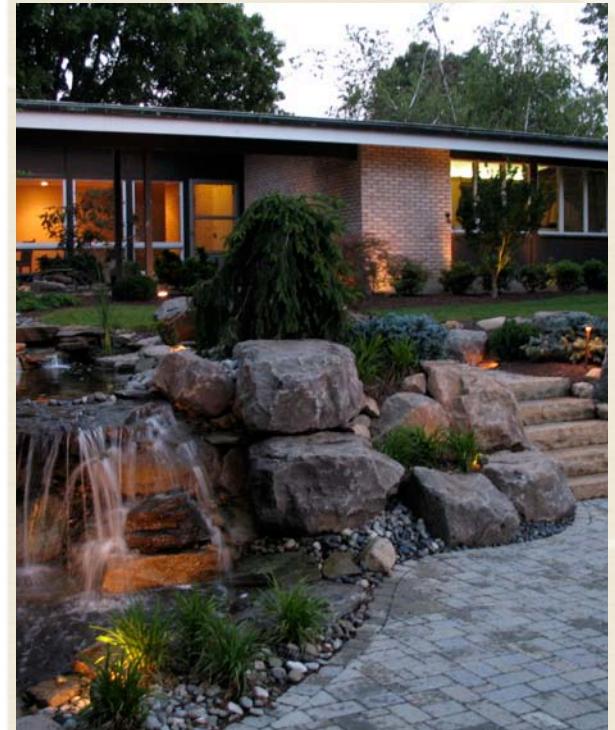

Thank you for your interest in my company. I started this company 15 years ago as a lawn care provider with 10 customers and a push mower. During my years in business, I learned the green industry through hard work and education, as well as the importance of providing excellent customer service. Since entering into the green industry, I have built a landscape company serving people. I began installing landscapes as a side service to my mowing and realized my true love and passion was not only servicing clients, but designing and creating beautiful landscapes for a serious consumer. Since my mowing days have ended due to a demand for my landscape services 9 years ago I have surrounded myself with the best people I know to help me deliver the dreams, goals and ideas you request. My team is dedicated to the green industry to be professional individuals and treat the earth with the respect.

Happy Landscaping,

Chris Stocker President, **Atlantic Ridge**

THE SERIOUS LANDSCAPE DESIGN/BUILD FIRM FOR THE SERIOUS CONSUMER. SERVING THE GREATER LEHIGH VALLEY AND SURROUNDING AREAS FOR OVER 15 YEARS. FABULOUS LANDSCAPES BEGIN WITH GREAT IDEAS AND OUR JOB IS TO BRING YOUR IDEAS INTO REALITY WITH GREAT DESIGNS, INSTALLATIONS AND POST-CARE RELATIONSHIPS.

ATLANTIC RIDGE LANDSCAPE DESIGN / BUILD

Our commitment to each customer is to use the highest standards for our installations, while using the finest goods to achieve that goal. We believe in forming relationships that last a lifetime and to keep those relationships, we must continue to properly service our installations and accommodate rare and unique requests within a timely manner. Atlantic Ridge has been creating beautiful landscapes for over 15 years, incorporating new and unique designs to cater to our customers. We welcome you to explore our company and thank you for your interest in having your next landscape project professionally installed by a serious landscape design/build firm for the serious consumer.

Professional services offered:

- Initial concept and master landscape designs
- Landscape construction
- Water features (ponds, waterfalls & fountains)
- Unique plant material selection
- Solid Brass low-voltage lighting systems
- Innovative hardscape designs with:
 - Concrete pavers
 - Natural bluestone or flagstone
- Outdoor living spaces incorporating:
 - Dining areas
 - Relaxation space
 - Outdoor kitchens
 - Fire pits & fireplaces
 - Kid-friendly play areas

Step 1

Initial concept and master landscape designs:

Every good landscape begins with a great idea. Atlantic Ridge will take your great idea and formulate a design that best incorporates form and function to best suit your lifestyle. During this process, it will be best to express your current and future needs so we can design a plan that meets all your family's requirements.

Color designs for easy visual viewing and identification.

topography master plan layout.

Step 2

Implementing design to concept:

Once you have created your landscape plan with your designer, it is time to strategically discuss the construction process. Some clients choose to implement the whole landscape plan and others choose to divide the project into phases. With either choice, Atlantic Ridge will guide you through the installation process from start to finish.

Before shot.

Before shot.

Sit Back and enjoy:

Upon completion of your landscape project, Atlantic Ridge will care for all your landscape maintenance needs. With the company-backed workmanship warranty and the choice to only use the finest construction products that come backed with lifetime warranties on certain products. So all that is left is for you to do is sit back and enjoy!

Finished job. Incorporating water into the front yard.

Finished job. Curb appeal makes this house a home.
